About Our Teak Furniture

Our range of teak furniture exudes style and is both practical and comfortable.

All pieces are constructed from first-grade, machine-shaped plantation teak, with quality stainless steel fasteners for strength and durability.

Teak Collection

Native to southern Asia but grown in tropical regions throughout the world, teak is a wood renowned for its strength, durability and water resistance, making it a great option for outdoor furniture. It also boasts a straight grain and an attractive rich golden-brown colouring, so it's as attractive as it is practical.
